

How the List Was Created

Q: Who was surveyed?

Approximately 1,100 licensed attorneys in El Paso County were invited via email to complete the survey with electronic reminders sent, encouraging participation. In addition, attorneys were asked to forward the online voting information to their colleagues.

Q: What instructions were they given to complete the survey?

Voting was held online. Attorneys were instructed to enter the name of one nominee in each specified field. All attorneys who were in good standing were available for selection. Voting was limited to attorneys only; all other votes were discounted.

Q: Did attorneys only vote for individuals outside their specified fields of law?

No. Attorneys could vote across the board.

Q: Are the attorneys listed in any particular order?

The attorneys are listed by their specified fields of law in alphabetical order.

Q: Were respondents allowed to make comments?

This is a straight listing; therefore, no comments were allowed to influence the final list.

Q: How is this an objective listing?

The field of law is a profession that relies heavily on attorneys referring to one another. Peer review is a very effective method of determining who is outstanding in the field because it's based on the opinions of those in the know: their colleagues.

Q: Was any additional research done on those nominated?

Once the ballots were complete, each nominee was carefully evaluated on the basis of the survey results, the legitimacy of their license, and their current standing within the legal community.

Q: Can attorneys pay to be on the list?

No compensation of any kind is taken from attorneys in return for being included on the list, nor were attorneys paid for their participation in the survey.
